Notes

Carburettors have 79deg 30min throttle plates where correct spec shows 78deg.

Jets now fitted - Main 117, Emulsion tube F16, Air corrector 180 which are standard. Idle jet 50 F8 which is non standard. Additional throttle return spring removed because load was flexing the rubber bush in the linkage preventing full throttle being obtained. (Left in ashtray)

Front springs are original Alfa from a GT.

Rear springs are Eibach Sport with max thickness spacer.

Fuel tank bottom is slightly dented.

“Immortalized in glass”

Dear member of Het Junior Zagato Archief,

Dear

In contrast to what often is claimed only 1519 in total of our JZ were built: 1117 pieces of the (Giulia GT) 1300 Junior Zagato and 402 pieces of the (Giulia GT) 1600 Z

Worldwide there maybe are little over 500 cars left which are in a more or less good condition and that we every now and then can see on the road and/or at events.

You are one of those lucky ones who can rejoice having a copy of this beautiful Alfa Romeo.

Maybe you would prefer to put your car in a glass house just to look at it.

But it drives so incredibly well and you want to give other people a chance to look at this wonderful car (it's already so boring on the road nowadays).

That was our thought behind the small gift we are sending you today. As a thank you for your support of Het Junior Zagato Archief. And also as a symbolic thought:

let's cherish our Junior Zagato, as there will never be more to come...

We hope you will enjoy this special keychain!

Wherever you are, now you always will have a scale model of your beloved JZ with you.

With our very best regards,

Nancy Hendriks & Rolf van Hillemondsberg

Re: Import Vehicle Post Clearance Checks satisfied

Dear Sir/madam

Thank you for your vehicle import notification which has been received by our office.

VIN: AR3060138

HMRC have reviewed your vehicle import notification and are satisfied that the VAT and duty has been correctly accounted for.

Based on the information you have provided to HMRC, an application can now be made to register and license the vehicle with Driver and Vehicle Licensing Agency (DVLA). Please note that certain vehicle information will be shared with DVLA for registration and licensing purposes.

Yours sincerely

Claire Thompson
